Dear Students and Families,

Welcome to Art Class! I believe that it is important that we work together as a team to encourage students to understand expectations and work towards goals. This course will explore all four disciplines in art education: Art Making, Art History, Art Criticism, and Aesthetics (the appreciation of beauty). I expect all students to produce quality work to the best of their ability. In return, I promise to provide stimulating instruction.

All artwork is made in class and if all work is turned in within the 9 week period I will guarantee that your child will be successful in Art Class.

Please read the syllabus and return signed with all required information. These guidelines have been created to provide an environment in which your child can learn and grow.

I encourage parent/school communication and you may reach me by telephone or email:

I look forward to having an excellent semester.

Sincerely,
