

SFMSHS AP Summer Assignment Notificaiton

You are receiving this notification because you have signed up for one or more advanced placement courses at South for the 2016-2017 year. If you cannot recall which course you signed up for a list of students and selected courses will be posted to the school's website. Whether you are taking your first AP course or you have taken one before, coming into class in the Fall prepared, goes a long way to promote your success in the courses you have chosen to take. Should you have any questions about the AP courses or the Capstone program you can access the information from Collegeboard at <https://apstudent.collegeboard.org/home> . Taking a college course at the high school level has many advantages, however, they come with

responsibilities on your part. One such responsibility is to work on assignments required over the summer that will prepare you for the fall. Below is a course list, an e-mail for the teacher slated to teach that course and an indication as to whether there will be a summer assignment or not. All summer assignments will be loaded up to the schools website <http://sfm.leeschools.net/> in by June 8th 2016. Should you have any issues with the summer assignment please contact the specific teacher for your course. **If you decide to drop an AP course please stop by guidance as soon as possible as many of the teachers order supplies and make preparations over the summer.**

Course Title	Teacher/E-mail	Summer Assignment
AP Biology	Wilkie stevenjw@leeschools.net	YES-BOOT CAMP
