**Parent's Statement:** I accept responsibility for notifying the school of any changes of home or business address or phone number or any change in health status of my child. Students may receive State specified health services and vision, hearing, weight, BMI and scoliosis screening. If the vision screening shows a need for a follow-up vision examination, and if your child is eligible, Florida Heiken Children's Vision Program, Florida's Vision Quest or other licensed optometrist may provide a **NO COST** vision examination by a licensed optometrist, which may include dilation, refraction, and glasses if prescribed. I agree to a mutual exchange of information between the Florida Heiken Children's Vision Program, Florida's Vision Quest, referring providers, DOH and my County Public School of any and all necessary information to enable my child to receive services, and I agree to release and hold harmless the County School Board, Miami Lighthouse for the Blind & Visually Impaired, Florida Heiken Children's Vision Program, and Florida's Vision Quest providers from any and all responsibility and liability for any injury or claim resulting from my child's participation in the Florida Heiken Children's Vision Program or Florida's Vision Quest. Student may be exempted from any of these services if parent or guardian requests such exemption in writing. In the event of serious illness or accident and I cannot be immediately contacted, I give permission to have my child transported by ambulance or other conveyance to a doctor's office or hospital for immediate attention, and I assume responsibility for payments of same. In case of an accident or illness where immediate treatment is not needed, but where my child is unable to remain in school, I request the school to contact me. If I am unable to be reached, I request that one of the persons listed above be contacted to care for my child until I can be reached. These persons have permission to transport my child. I understand that certain of my child's educational records will be shared with District health care partners as needed to provide and evaluate health services and that certain of my child's medical treatment records created by health care personnel at school may be shared with school officials who have a legitimate need for access.
