SOUTH FORT MYERS HIGH SCHOOL
COLLEGE & CAREER MAGNET ACADEMY
UPDATE

MASONRY STUDENTS TAKE A FIELD TRIP

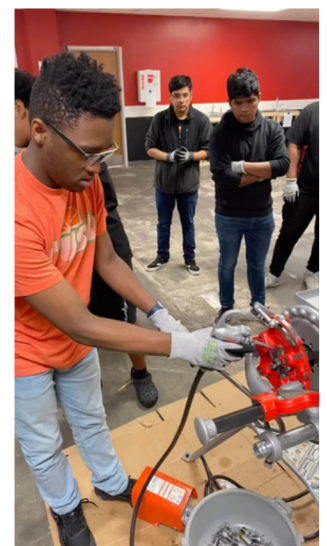

Wolfpack Masonry Academy visited Preferred Materials Block Manufacturing Plant in Bonita Springs to tour the facility and develop an understanding of the process of manufacturing, storage and delivery of South Florida's number 1 Building Material. Thirty students along with 2 chaperones toured the facility, had a Q & A session with the plant Manager and enjoyed lunch, all provided by Preferred Material and Florida Concrete and Products Association who proudly sponsor Wolfpack Masonry & Wolfpack Masonry Club.

PLUMBING'S NEW PURCHASES

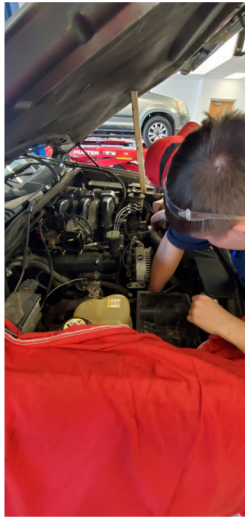

Plumbing students learned how to cut, ream, and thread pipe this week using newly purchased equipment! These students will be prepared to join the workforce with up-to-date industry standard skills and equipment.

Have a College & Career themed event coming up? Share the details in an email to LisaDR@leeschools.net to be highlighted in one of the weekly updates!

AUTOMOTIVE: 8 HOUR REPAIR

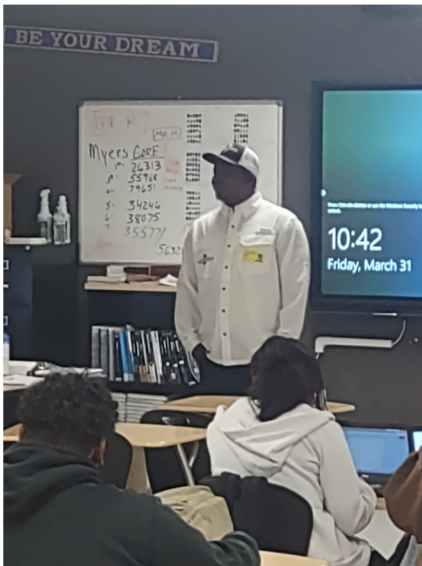

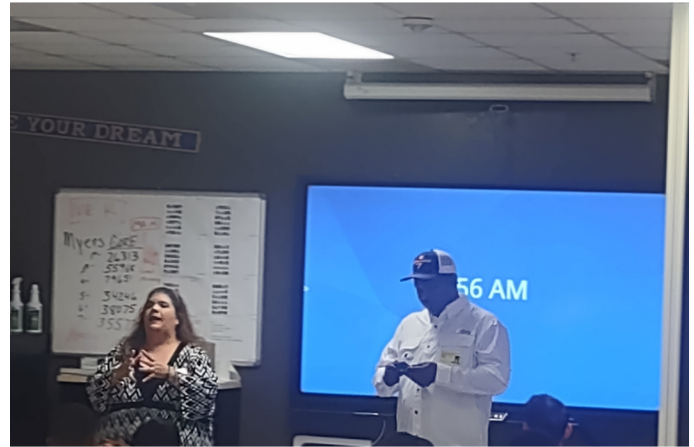

This week in Mr. Jablonski's Automotive class students finished up an 8 hour repair of intake and valve cover gaskets.

GUEST SPEAKERS VISIT ELECTRICAL I & II

March 31, Christine from Tri County Apprentice Academy brought William from Stewart and Sons Electrical to speak with Electrical Level 1 and 2 students. Will was a former apprentice turned journeyman and received his Masters license started his own business. He now gives back by teaching at TCAA.

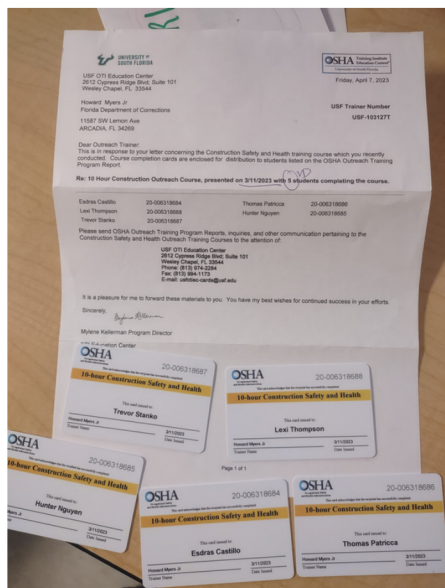

Have a College & Career themed event coming up? Share the details in an email to LisaDR@leeschools.net to be highlighted in one of the weekly updates!

OSHA 10

Please congratulate the following students:

- Trevor Stanko
- Lexi Thompson
- Hunter Nguyen
- Esdras Castillo
- Thomas Patricca

They have completed their 10-hour OSHA Construction Safety and Health course and have obtained their cards! This will put them head and shoulders above the rest when seeking employment post graduation!

SOUTH FORT MYERS HIGH SCHOOL COLLEGE & CAREER MAGNET ACADEMY

What does it mean for South to be a College & Careers Magnet Academy?

South's magnet program is a federal grant funded program that focuses on Cambridge (college) and/or career education. Essentially, South is an entire school with a special focus. These programs within South are designed to attract students from across the district who are interested in our college and career options.

A magnet school education offers several benefits including:

- Diverse student body that encourages respect, empathy, and collaboration.
- Family and community involvement that instills a passion for learning and growth.
- Flexible and innovative curriculum centered around a unifying theme.

We are growing our magnet themed courses and coursework and that is all made possible by you! Always having an eye toward our students' futures and integrating that into our instruction drives our students toward POWERFUL future success!

Interested in how you can get more involved in the Magnet Grant Leadership Team? Check out the Google Form emailed out by Lisa Richardson or simply email LisaDR@leeschools.net to be invited to an interest meeting.
